Question Number	Line Number	Comments
7.0	-	*Indicates testing conducted by supplier.
7.0	-	The results above represent an average result from tests conducted either internally by HJ Langdon or by our suppliers or both. However the specific test results of a sample from that batch will vary from this average after transport and over time. The results above are only representative of the sample taken at time of production.

8.2 ADDITIONAL MANUFACTURING SITE INFORMATION (if required)

When nominating product is supplied from more than one manufacturing site, the details provided must be applicable to product coming from any of the sites. For example, if particular allergens occur at only one site then the information provided in the form should identify that the allergens are present even though batches of product made at other sites may be allergen free.
